Relating to management of enhanced stocks of shellfish; authorizing certain nonprofit organizations to engage in shellfish enhancement projects; relating to application fees for salmon hatchery permits and shellfish enhancement project permits; and providing for an effective date.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:

THE ACT FOLLOWS ON PAGE 1

AN ACT

1 Relating to management of enhanced stocks of shellfish; authorizing certain nonprofit
2 organizations to engage in shellfish enhancement projects; relating to application fees for
3 salmon hatchery permits and shellfish enhancement project permits; and providing for an
4 effective date.

5

6 * **Section 1.** AS 16.05.730(c) is amended to read:

7

(c) The board may

8

(1) consider the need of enhancement projects authorized under
9 AS 16.10.400 and contractors who operate state-owned enhancement projects under
10 AS 16.10.480 to harvest and sell fish produced by the enhancement project that are not
11 needed for brood stock to obtain funds for the purposes allowed under AS 16.10.450
12 or 16.10.480(d);

13

**(2) consider the need of projects authorized under AS 16.12.010 to
14 harvest and sell shellfish that are not needed for brood stock to obtain funds for**

1 **the purposes allowed under AS 16.12.080;**

2 **(3)** [. THE BOARD MAY] exercise its authority under this title as it
3 considers necessary to direct the department to provide a reasonable harvest of fish, in
4 addition to the fish needed for brood stock, to an enhancement project to obtain funds
5 for the enhancement project if the harvest is consistent with sustained yield of wild
6 fish stocks; **and**

7 **(4)** [. THE BOARD MAY] adopt a fishery management plan to
8 provide fish to an enhancement project to obtain funds for the purposes allowed under
9 AS 16.10.450, [OR] 16.10.480(d), **or AS 16.12.080.**

10 * **Sec. 2.** AS 16.10.400(b) is amended to read:

11 (b) The application for a permit under this section shall be on a form
12 prescribed by the department and be accompanied by an application fee **in the**
13 **amount determined under (h)** of **this section** [\$100]. The commissioner may waive
14 the submission of an application for a permit to operate a hatchery under
15 AS 16.10.480.

16 * **Sec. 3.** AS 16.10.400 is amended by adding a new subsection to read:

17 (h) The department shall establish by regulation an application fee under this
18 section in an amount that provides for the total amount of fees collected under (b) of
19 this section to approximately equal the department's actual costs of processing permit
20 applications under this chapter. The department shall annually review the fee level to
21 determine whether the department's costs of processing permit applications under this
22 chapter are approximately equal to the fees collected. If the review indicates that fees
23 collected and these costs are not approximately equal, the department shall adjust the
24 application fee by regulation. In January of each year, the department shall report the
25 fee level and any revision made for the previous year under this subsection to the
26 office of management and budget.

27 * **Sec. 4.** AS 16 is amended by adding a new chapter to read:

28 **Chapter 12. Shellfish Enhancement Projects.**

29 **Sec. 16.12.010. Permits for shellfish enhancement projects.** (a) Subject to
30 the restrictions imposed by statute or regulation under this chapter, the commissioner
31 may issue a permit to a nonprofit corporation organized under AS 10.20 for a project

1 to

2 (1) augment the yield and harvest of shellfish indigenous to state water
3 above naturally occurring levels by natural, artificial, or semiartificial production
4 systems;

5 (2) rehabilitate a shellfish stock that is indigenous to state water by
6 restoring it to its natural levels of productivity; or

7 (3) increase the area of productive natural shellfish habitat.

8 (b) Each applicant for a permit under this section shall apply in a format
9 prescribed by the department and pay an application fee in the amount determined
10 under (f) of this section.

11 (c) A permit issued under this section is nontransferable. If a permit holder
12 sells or leases a facility for which a permit has been issued under this section, the new
13 operator shall apply for a permit under this section.

14 (d) The commissioner shall consult with and solicit recommendations from
15 federal and state agencies and technical experts in the relevant area regarding permit
16 stipulations and issuance.

17 (e) The commissioner may not issue a permit under this section unless the
18 commissioner determines that the action would result in substantial public benefits and
19 would not jeopardize natural stocks.

20 (f) The department shall establish by regulation an application fee under this
21 section in an amount that provides for the total amount of fees collected under (b) of
22 this section to approximately equal the department's actual costs of processing permit
23 applications under this chapter. The department shall annually review the fee level to
24 determine whether the department's costs of processing permit applications under this
25 chapter are approximately equal to the fees collected. If the review indicates that fees
26 collected and these costs are not approximately equal, the department shall adjust the
27 application fee by regulation. In January of each year, the department shall report the
28 fee level and any revision made for the previous year under this subsection to the
29 office of management and budget.

30 **Sec. 16.12.020. Hearings before permit issuance.** (a) At least 30 days before
31 the issuance of a permit under AS 16.12.010, the department shall hold a public

1 hearing in a central location in the vicinity of the proposed release of shellfish.

2 (b) Notice of the hearing shall be published in a newspaper of general
3 circulation once a week for three consecutive weeks, with completion of the notice at
4 least five days before the hearing.

5 (c) The department shall conduct the hearing. The applicant shall present a
6 plan for the proposed project describing the capacity of the facility and other relevant
7 facts that may be of interest to the department or to the public. The department shall
8 give interested members of the public an opportunity to be heard.

9 (d) The department shall record and consider objections and recommendations
10 offered by the public at the hearing conducted under this section. The department shall
11 respond in writing, not later than 30 days after the hearing is held, to a specific
12 objection offered by a member of the public at the hearing.

13 **Sec. 16.12.030. Conditions of a permit.** The department shall require, in a
14 permit issued under this chapter, that the permit holder

15 (1) procure shellfish from the department or a source approved by the
16 department;

17 (2) place shellfish only in water of the state specifically designated in
18 the permit;

19 (3) not procure genetically modified shellfish or place genetically
20 modified shellfish into the water of the state;

21 (4) not resell or transfer shellfish sold to a permit holder by the state or
22 by another party approved by the department;

23 (5) not release shellfish before approval by the department, and, for
24 purposes of pathological examination and approval, that the permit holder notify the
25 department at least 15 days before the date of the proposed release of shellfish;

26 (6) destroy diseased shellfish in a specific manner and location
27 designated by the department;

28 (7) harvest shellfish only at specific locations and under specific
29 conditions as designated by the department;

30 (8) make surplus shellfish available for sale first to the department and
31 then, after inspection and approval by the department, to other permit holders

1 operating under this chapter;

2 (9) provide a copy of the sales transaction to the department if surplus
3 shellfish are sold by a permit holder to another permit holder;

4 (10) release shellfish in an area where the shellfish will be available to
5 traditional fisheries, subject to the provisions of this chapter and regulations adopted
6 under this chapter.

7 **Sec. 16.12.040. Alteration, suspension, or revocation of permit.** (a) If a
8 permit holder fails to comply with the conditions and terms of the permit issued under
9 AS 16.12.010 within a reasonable period after notification by the department of
10 noncompliance, the permit may be suspended or revoked, in the discretion of the
11 commissioner.

12 (b) If the commissioner finds that the operation of the permitted activity is not
13 in the best interests of the public, the commissioner may alter the conditions of the
14 permit to mitigate the adverse effects of the operation or, if the adverse effects are
15 irreversible and cannot be mitigated sufficiently, initiate a termination of the operation
16 under the permit over a reasonable period under the circumstances, not to exceed four
17 years. During the period that the operation is being terminated, the permit holder may
18 harvest shellfish under the terms of the permit but may not release additional shellfish.

19 **Sec. 16.12.050. Regulations relating to released shellfish.** (a) Shellfish
20 released into the natural water of the state by a permit holder under this chapter are
21 available to the people for common use and are subject to regulation under applicable
22 law in the same way as shellfish occurring in their natural state except when they are
23 in a special location designated by the department for harvest by a permit holder.

24 (b) The Board of Fisheries may, after the issuance of a permit by the
25 commissioner, amend by regulation adopted in accordance with AS 44.62
26 (Administrative Procedure Act) the terms of the permit relating to the source of wild
27 brood stock, the harvest of shellfish by permit holders, and the specific locations
28 designated by the department for harvest. The Board of Fisheries may not adopt a
29 regulation or take an action regarding the issuance or denial of a permit required in
30 this chapter.

31 **Sec. 16.12.060. Department assistance and cooperation.** (a) Before and after

1 permit issuance under AS 16.12.010, the department shall make reasonable efforts,
2 within the limits of time and resources, to advise and assist applicants or permit
3 holders, as appropriate, as to projects under AS 16.12.010, including the planning,
4 construction, and operation of facilities.

5 (b) Nothing in this section exempts an applicant or permit holder from
6 compliance with this chapter or from compliance with the regulations or restrictions
7 adopted under this chapter.

8 **Sec. 16.12.070. Brood stock sources.** (a) The department shall approve the
9 source and number of shellfish taken for use as brood stock under this chapter.

10 (b) Where feasible, a permit holder shall first take shellfish from stocks native
11 to the area in which the shellfish will be released.

12 **Sec. 16.12.080. Sale of shellfish; use of proceeds; quality and price.** (a) A
13 permit holder that sells shellfish harvested from the natural water of the state, or sells
14 shellfish to another permit holder under this chapter, shall use the funds only for
15 reasonable operating costs, including debt retirement, expanding its facilities, a project
16 permitted under AS 16.12.010, shellfish research, or to assist in meeting the
17 department's costs of managing the affected fisheries for the area in which the
18 shellfish release is located.

19 (b) A permit holder shall ensure that shellfish harvested and sold for human
20 consumption are of comparable quality to shellfish harvested by commercial fisheries
21 in the area and are sold at prices commensurate with the current market.

22 **Sec. 16.12.090. Cost recovery fisheries.** (a) A permit holder may harvest
23 shellfish for a project under AS 16.12.010 in a special harvest area through

24 (1) agents or employees of or persons under contract with the permit
25 holder as provided under a permit from the department or regulations of the Board of
26 Fisheries; or

27 (2) the common property fishery under this section.

28 (b) A permit holder may, by a majority vote of the membership of the permit
29 holder's board of directors, elect to harvest shellfish in a special harvest area
30 established for a project under AS 16.12.010 through the common property fishery. A
31 permit holder seeking to harvest shellfish in a special harvest area through a common

1 property fishery shall notify the Department of Revenue by July 1 of the year
2 preceding the year for which the harvest is sought. At the request of the permit holder
3 and if the commissioner determines that there are no allocative issues involved, and
4 after reasonable consultation with affected commercial fishermen, the commissioner
5 may adopt regulations governing the harvest of shellfish in a special harvest area
6 through a common property fishery. The regulations must specify the terms,
7 conditions, and rules under which the common property fishery in the special harvest
8 area shall be conducted, including requirements for holding inspections and reporting
9 of harvests and sales of shellfish taken in the special harvest area. Following adoption
10 of regulations by the department, before January 15 of each year, the permit holder's
11 board, by a majority vote of the board's membership, may determine whether the
12 permit holder will operate under the regulations adopted under this subsection during
13 the current calendar year and shall notify the department if the permit holder intends to
14 operate under the regulations adopted under this subsection. The Board of Fisheries
15 may adopt regulations under AS 16.05.251 regarding a fisheries management plan
16 governing operations under this subsection in a special harvest area, including
17 allocation plans. Participation in the fishery must be open to all interim-use permit and
18 entry permit holders who hold permits to operate a type of gear that may be used in the
19 fishing district in which the special harvest area is located if that type of gear is
20 authorized by regulation to be used in the special harvest area. An interim-use permit
21 holder or an entry permit holder who takes shellfish in a common property fishery in a
22 special harvest area may sell the shellfish to a fish buyer or processor who is licensed
23 to do business in the state.

24 (c) As a condition of participation in a common property shellfish fishery in a
25 special harvest area under this section, a commercial fisherman who participates in the
26 fishery is subject to the payment of the assessment levied under (d) of this section on
27 the projected value of the shellfish or on the pounds of shellfish harvested. The
28 assessment is levied on the shellfish that the commercial fisherman takes in the special
29 harvest area and sells to a licensed buyer. The buyer of the shellfish must be licensed
30 under AS 43.75, and the buyer shall collect the assessment on shellfish taken in a
31 special harvest area at the time of purchase and remit the assessment to the

1 Department of Revenue in accordance with regulations adopted by the Department of
2 Revenue.

3 (d) The Department of Revenue may, by regulation, set the assessment levied
4 on shellfish taken in a special harvest area on an annual basis in consultation with the
5 Department of Commerce, Community, and Economic Development, the permit
6 holder, and representatives of affected commercial fishermen. The Department of
7 Revenue shall set an annual assessment under this section not later than January 1 of
8 that year. The assessment must provide sufficient revenue to cover debt service,
9 reasonable operating expenses, reasonable maintenance expenses, and development or
10 maintenance of a reserve fund up to 100 percent of annual operating costs of the
11 permit holder's project under AS 16.12.010. In setting the assessment, the Department
12 of Revenue shall consider the estimated harvest of shellfish in the special harvest area,
13 the projected price to be paid for shellfish in the region, the amount of the existing
14 reserve held by the permit holder, and the amount by which the assessment collected
15 in previous years exceeded or fell short of the amount anticipated to be collected. The
16 assessment may not exceed 50 percent of the value of the shellfish. The Department of
17 Revenue may levy the assessment as a percentage of the projected value of the
18 shellfish harvested in the special harvest area or as a flat rate on each pound of
19 shellfish harvested in the area, to the nearest whole cent.

20 (e) The Department of Revenue shall deposit the assessments collected under
21 this section in the general fund. The legislature may appropriate the funds collected
22 under this section to the permit holder who is carrying out a project under
23 AS 16.12.010, including the operation of a facility, in the special harvest area in which
24 the assessment was levied. A permit holder shall use funds appropriated under this
25 subsection for the purposes set out under AS 16.12.080(a). The legislature may also
26 appropriate funds collected under this section to the Department of Revenue for costs
27 incurred by the Department of Revenue under this section.

28 (f) A person who violates a regulation adopted under (b) of this section is
29 guilty of a violation under AS 16.05.722 or a misdemeanor under AS 16.05.723. A
30 person who violates a regulation adopted by the Department of Revenue under (c) of
31 this section is guilty of a class A misdemeanor.

3 commissioner or the Board of Fisheries where shellfish may be harvested by permit
4 holders under this chapter and by the common property fishery;

6 **Sec. 16.12.100. Inspection by the department.** (a) A permit holder shall

8 AS 16.12.010 at any time the facility is in operation. The department shall conduct the
9 inspection in a reasonable manner.

10 (b) The department shall bear the cost of an inspection performed under this
11 section.

12 **Sec. 16.12.110. Annual report.** A person who holds a permit under this
13 chapter shall submit an annual report not later than December 15 to the department.
